

Communications Committee Report

June 14th, 2010

1. Newsletter:

Work on the newsletter is continuing with individual members researching and writing stories on a variety of labour, economic and union topics. We will publish during the summer when the content is ready.

2. Writing Workshops:

The Communications Committee hosted two writing workshops in May and June, facilitated by Kathy Davis. The workshops, which focused on writing skills, were well attended by Board Members, Communications Committee members, and TEAM staff, with good initial feedback.

Stephen Gillies
Communications Committee Chair
